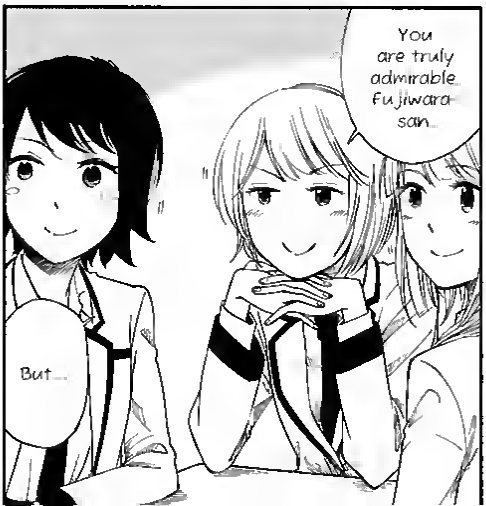
Haa...
Fujiwara-san is looking as lovely as ever...
Seri-ously
Yeah
You can't. We have the next break!
I know what you mean, but think what would happen without the rotation!
DESIRE
DESIRE
I want to be near her right now!!

*Imagination
But she's really like a people magnet
I love when she says "Have a nice day" to me
Yeah! I know!
That's how charming she is
She's also kind and reliable!
The other day she picked up my pencil box for me



You are truly admirable Fujiwara-san
But...

Ehehe!
unfair!
wow! that's nice!

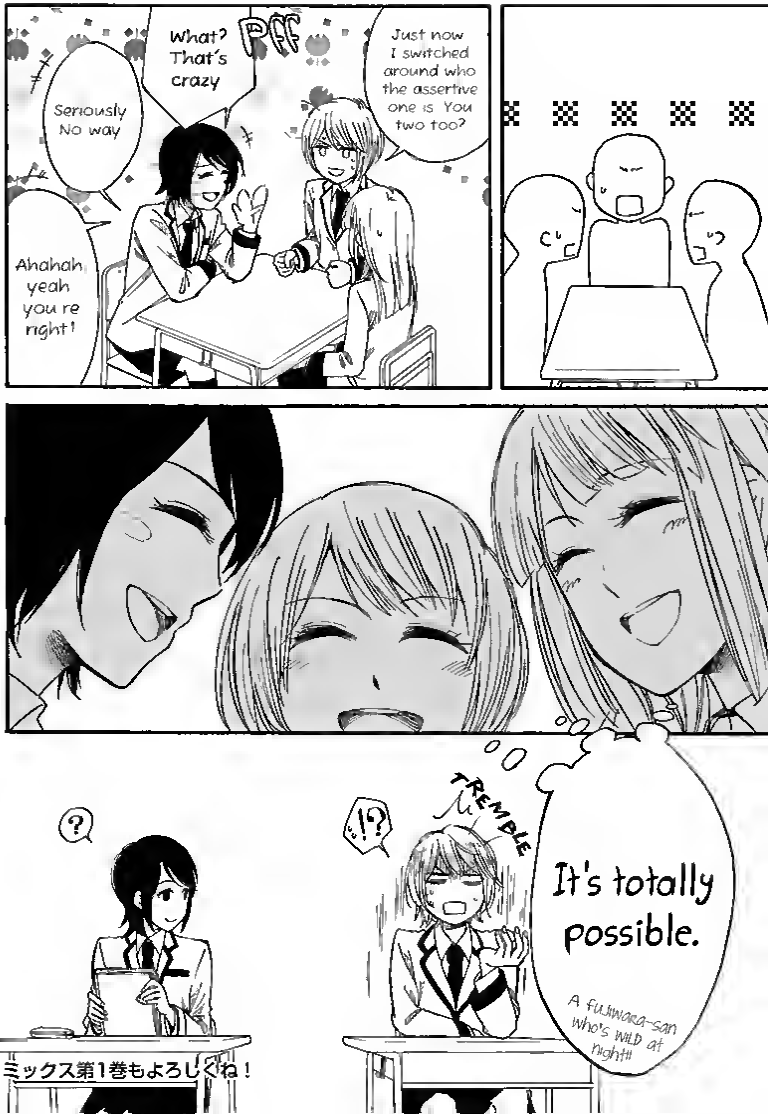
ANNOYED~
If only Kurashiki-san wasn't sitting next to her.
She's always frowning!
She's scary
And she talks rough
Yeah
N—No!
I just meant in general!!
So all you want is a pretty face?!
HOOMM
Still
she's quite pretty right?

Well sure. Going by looks, she is beautiful
Yes, you're right.
A beauty different from Fujiwara-san.
Yes.
FWOOM
?
EH?!!
I recently saw them talking though.
I feel sorry for Fujiwara-san having to sit next to her!!
She really is scary
Yeah.

No! This can't be happening!
Eh?
W— WHEN?!
Whoa!
That's how kind Fujiwara-san is!
During class, I peeked and they were talking
Imagine if they started getting along really well now...!!
And then !!!
IT'LL BE KURA X FUJI!!

WHAT'S WITH THAT RESPONSE?!
That sounds surprisingly nice...
...That's plausible
My kind of fancy that
???
SLIGHTLY FUJOSHI
See it like this a scary lone wolf when alone might be really kind
Her icy heart melts
And she opens up to Fujiwara-san
Being around an unfazed Fujiwara-san, she might notice her kindness
And so Kurashiki-san comes to know the warmth of people

Meanwhile... Fujiwara-san adores Kurashiki-san's honesty
!?
?
!?
And while they're close feelings beyond just having fun start to blossom
?
A hint that they're both attracted...
And...
!!!?



What? That's crazy
Pff
Just now I switched around who the assertive one is You two too?
Seriously No way
Ahahah yeah you're right!
TREMBLE
!?
It's totally possible.
A Fujiwara-san Who's WILD at night!!
?
